

Christ Church Preschool Program Descriptions

Welcome to Christ Church Preschool - an Early Childhood Ministry. Our teachers are the best in the field; instilling creativity, supporting curiosity, allowing children to be imaginative and teaching the love of God in many different ways. Our program is open to all. We encourage diversity in our looks, ways, beliefs and learning styles. Children enrolled in our program leave with a sense of confidence, ready to face the "big school" of Kindergarten academically, socially and emotionally.

*We offer care for Infants and Toddlers (younger and older). These rooms provide loving, nurturing care, allow children to be social, introduce children to art, and create age and developmentally appropriate learning activities. We stimulate their physical development giving them belly time, exercises in reaching, rolling, crawling, grasping and walking. We take them for strolls around our beautiful campus.

**Our 2-year-old program offers programs from 3 days on a part time basis through full time year round classes. These classes provide children an organized structured day, providing time for chapel, inside circle and center time as well as outdoor play. This aged child is learning to be social, playing with friends and learning shapes, colors, counting and learning how to sit and listen to a story. We begin to teach them to use their words to communicate and to become independent in learning centers and when eating.

***Our 3-year-old program offers programs from 3 days on a part time basis through full time year round classes. By this age, we do encourage children to attend more days as this gets them more ready for their Pre-K experience. Our three-year-old classes are using the calendar to learn days of the week, months of the year, seasons and counting. Children are introduced to math and literacy concepts and understand that print conveys a message. Children look forward to a daily job, reviewing their colors, numbers and shapes. Many social skills are being learned; taking turns, following directions and walking in line are the highlights.

****Our Four-year-old Pre-K classes are getting the children ready for Kindergarten. We participate in the state funded VPK program. This program pays for 15 hours a week for your child to attend a Pre-K program. The Pre-K classes continue to review numbers, colors, shapes and begin to touch upon more sophisticated concepts of science and social studies. We are teaching the letters, how to write them, upper and lower case and how they sound phonetically. Children are now learning socially to play with their friends and walking quietly in lines around the school.

⇒ **Parents: It is your responsibility to obtain the State Certificate of Eligibility for VPK. Children already enrolled at Christ Church Preschool must have the certificate before the start of the school year. Your child's enrollment will be held until the start of the school year. If we have not received your certificate in that week, you must pay the full time tuition rate.**

Our classes are developmentally appropriate, child centered and created to build independence. All children attend chapel once a week, as well as music.

We ask that you register for the time and days that you want your child to be enrolled at Christ Church Preschool. Please make sure to ask the office staff if you have any questions. We will be happy to assist you in the registration process.

We price all tuitions on a weekly basis. We **do not** follow the Broward County School Calendar, as many of our parents and children need the consistency offered by our year round program. As a year round program, we also offer Summer Camp which includes part and full time hours.

Registration Fees are non-refundable but necessary to secure your child's space in a class.
